ABOUT THE WORKSHOP

The Constitution of the Republic of South Africa guarantees rights to all the citizens of South Africa. One of these rights is a healthy, safe and sustainable environment. Buildings as part of the build environment therefore must satisfy this requirement. How does the architectural professional deal with this?

This workshop will assist the architectural professional to maintain, develop or increase knowledge, problem-solving, technical skills or professional performance standards regarding this requirement.

The aim of the workshop is to acquaint participants with knowledge about the requirements of the Constitution and how to incorporate these requirements into the standard services that they provide to their clients.

It will also focus on contractual requirements (professional – client agreements) and the management of building contracts on behalf of the client by using the JBCB suite of contracts.

CPD:

The workshop is validated by SAIAT as an Interactive Category 1 CPD event and participants will earn 3 credits*

REQUIREMENTS:

Participants will be provided with a data DVD containing the presentation.

DURATION:

The workshop is a 2-day workshop that will start at 08:00 and end at approximately 15:00 on each day.

PRESENTER:

Frans Dekker

Frans Dekker is the current Director: Executive President of SAIAT and since 2008 has been actively involved in presenting CPD workshops for SAIAT.

He also represents SAIAT on several Technical Committees at the SABS including TC060 (SANS10400), TC1098 (SANS2001) and TC059 (Energy Efficiency) and actively participate in several Subcommittees and Workgroups of the SABS.
