

## FIRE PREVENTION AND ACCESSIBILITY

### A 4-MODULE WEBINAR SERIES

#### ABOUT THE SERIES

This webinar series will contribute to the continuing development of the architectural professional by providing further mobility and transportability within the field of applying and understanding the National Building Regulations requirements in terms of the fire prevention and accessibility requirements of a building.

The webinars will focus on the deemed-to-satisfied requirements as well as when a rational design is needed for

- Fire Prevention
- Fire Services
- Accessibility for disabled persons

A person who has attended this series will be able to understand these requirements and have a better knowledge to design buildings taking the fire prevention and accessibility requirements into consideration.

#### CPD:

Each webinar is validated by SAIAT as a Category 1 CPD event and participants will earn 0.1 credits per webinar (0.4 in total)

#### PRESENTER:
