## INTRODUCING THE SAIAT CANDIDATE MENTORSHIP PROGRAMME

SAIAT has decided to launch a mentorship programme following several requests from registered candidates to assist with mentorship.

### HOW DOES IT WORK?

1. Candidates looking for a mentor complete the application form.
2. Professionals willing to mentor a candidate complete the application form.

SAIAT provides mentors with contact details of candidates in his/her region. The mentor enters into a SAIAT Mentorship Agreement with a candidate for a period of six months. This agreement may be renewed after the six-month period. The process of mentorship will be monitored by SAIAT to provide guidance and assistance where needed.

Please note that this is not an employment agreement and that the mentor will not employ the candidate.

The SAIAT Mentorship Agreement allows the candidate to source clients with projects and introduce them to the professional. The professional enters into a SAIAT Professional – Client Agreement with the client and the candidate manages the project under the supervision of the mentor. The SAIAT Mentorship Agreement shall stipulate remuneration for the work done by the candidate. Reports similar to those that needed by SACAP shall be submitted to SAIAT to enable SAIAT to assist both the mentor and the candidate and to identify shortcomings in the process.

The first phase of this programme will be launched between 10 June 2019 and 12 June 2019 – that is the registration process. Once registrations are received and mentors and candidates can be introduced to each other, the second phase will kick off – this is anticipated to start not later than 01 July 2019.

It is expected from candidates to become members of SAIAT and thereby enjoy the benefits of membership.

Let us start building professionals to build the future!
